

Fluttering Hearts

"I have had heart trouble for 40 years; after taking 18 bottles of Dr. Miles' Heart Remedy I am entirely cured, and to-day I do not feel the slightest effect of heart trouble." DAVID FRAZIER, State Soldiers Home, Erie, Co., Ohio.

Fluttering indicates a weakness of the nerves and muscles of the heart. Like palpitation, shortness of breath, pain in side and shoulder, it is frequently followed by the worst form of heart disease; therefore it should not be neglected.

Dr. Miles' Nervine

is a most reliable heart medicine. It strengthens and regulates the heart action, stimulates the digestive organs, and increases the circulation.

The first bottle will benefit; if not, your druggist will return your money.

A Cough Medicine

Ayer's Cherry Pectoral is a regular cough medicine, a strong medicine, a doctor's medicine. Good for easy coughs, hard coughs, desperate coughs. If your doctor endorses it for your case, take it. If not, don't take it. Never go contrary to his advice.

We publish our formulae. We banish alcohol from our medicines. We urge you to consult your doctor.

The dose of Ayer's Pills is small, only one at bedtime. As a rule, laxative doses are better than cathartic doses. For constipation, biliousness, dyspepsia, sick-headaches, they cannot be excelled. Ask your doctor about this.
